Hi Buz:

I saw chief Dolan last week, at the station, when I got my burning permit, and I was chatting w/ him about radios and such. We still have those same radios we wanted to donate to Warren EMA from 1 year ago, still sitting here. In the next few months, we will be installing 2 VHF repeater systems on Coy Hill, and one of them is for EMA and the other will be for the highway dept. We hope to be buying them new VHF radios, so they can get off low band and be on VHF w/ the rest of the Town.

I would like to set up a meeting at some point in time, as we talked on the phone a few times, but never formally met. In August 2011 I finally bought my land lot atop Coy Hill Rd., and the non-profit I manage will be part of Town too.

Thank you,

Mike Baril, Executive Director  
Central MA Public Safety Assn Inc.  
PO Box 637
