Hi Tim:

I was the one that called you last week and introduced myself and my non-profit disaster relief organization. This was after I had seen the newspaper article in the Quaboag Current.

At some point in the soon future I'd like to attend a meeting, or just come out there and sit down over lunch or something. I'd like to better understand the West Brookfield & Warren CERT program and see what area you could use help in - with additional resources or other. At some point you were going to also talk to Buzz too.

Respectfully Submitted,

Michael Baril, Executive Director
